

CHANGING SCENES

After a while, Franklin Chan asked, "Do you want me with you when you tell him?" In adversity lies great opportunity, as Caesar Zedd teaches, and always, of course, there is a bright side even when you aren't able immediately to see it. Perhaps his sister intuited what Edom was about to say, because she didn't let him get started. Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomews were printed. He bought knives. And then sheaths for the knives. He acquired a knife-sharpening kit and spent the evening grinding blades. Pecan cakes, cinnamon custard pies boxed in insulated coolers, gifts wrapped with bright paper and glittery ribbons. Agnes Lampion made deliveries to those friends who were on her list of the needful, but also to friends who were blessed with plenty. The sight of each beloved face, each embrace, each kiss, each smile, each cheerfully spoken "Merry Christmas" at every stop fortified her heart for the sad task awaiting her when all gifts were given. Along the hall, every step measured, he stayed near the wall farthest from the staircase. He closed his eyes again and seemed asleep, but then as she clicked off the lamp, he murmured, "You have your halo again." At one point late in the afternoon, as all three Hackachaks were hurling scorn and invective at Junior, he noticed Vanadium standing in the doorway, observing. Perfect. He pretended not to see the cop, and when next he sneaked a look, he discovered that Vanadium had vanished like a wraith. A thick slab of a wraith. Having been a volunteer instructor of English to twenty adult students over the years, having taught Maria Elena Gonzalez to speak impeccable English without a significant accent, Agnes was little needed as a teacher by her son. Even more than other children, he asked why with numbing regularity, why this and why that, but never the same question twice; and as often as not, he already knew the answer that he sought from her and was only confirming the accuracy of his deduction. He was such an effective autodidact, he schooled himself better than any college of professors that could have been assigned to him. Junior joined the throngs, although he had no gift list or feeling for the season. He just needed to get out of his apartment, because he was convinced that the phantom singer would soon serenade him again. almost recoiled in disgust. She held the newborn so that its mother could look into. Agnes hadn't asked him to keep his strange feat a secret from his uncles. In truth, she had come home in such a curious state of mind that even as she'd worked with Jacob to prepare dinner and even as she'd overseen Edom's setting of the table, she hesitated to tell them what had happened on the run from Joey's grave to the station wagon. She fluctuated between guarded euphoria and fear bordering on panic, and she didn't trust herself to recount the experience until she had taken more time to absorb it. When Renee realized that this rejection was complete and final, she-he, whatever-was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need." Even in this soft light, Nolly could see that she was blushing like a young girl. She glanced around at the nearby tables. This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress. Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance. "I do, don't I," Rena agreed, as with one plump hand she spread the pleated skirt of her brightly patterned dress. Unobtrusively, Junior followed the musician across the large front room, but by an indirect arc, using the babbling bourgeoisie for cover. Using a false name, claiming that he was an adoptee, Junior made inquiries with several child-placement organizations, as well as with state and federal agencies. He discovered that Wulfstan's story was true: Adoption records were sealed by law for the protection of the birth parents, and getting at them was all but impossible. Round of face and round of body, Vinnie didn't walk like other men; he seemed to bounce lightly along, as if inflated with a mixture of gases that included enough helium to make him buoyant, though not so much that he was in danger of sailing up and away like a birthday balloon. His smooth cheeks and merry eyes left a boyish impression, but he was a good attorney, and shrewd. Junior didn't believe in ghosts, anyway. He believed in flesh and bone, stone and mortar, money and power, himself and the future. When all were gathered on the porch, lined up across the head of the steps and along the railing, in chill damp air that smelled faintly of ozone and less faintly of jasmine, Barty said, "Mr. Vanadium, your quarter trick is really cool. But here's something out of Heinlein." The Beatles began singing the number-one song, "I Feel Fine," as Junior turned off the county highway and followed the lake road northeast around the oil-black water. They had two titles in the American top five. In disgust, he switched off the radio. If the sight of his daughter almost drove him to his knees, the sight of his wife, also his first in seven years, lifted him until he was virtually floating across the grass. Sometimes Celestina marveled at how intimately and inextricably the tendrils of tragedy and joy were intertwined in the vine of life. Sorrow was often the root of future joy, and joy could be the seed of sorrow yet to come. The layered patterns in the vine were so complex, so enrapturing in their lush detail and so fearsome in their wild inevitability, that she could fill uncountable canvases, through many lifetimes as an artist, striving to capture the enigmatic nature of existence, in all its beauty dark and bright, and in the end merely suggest the palest shadow of its mystery. Having anticipated a problem of one kind or another, Junior withdrew a packet of crisp new hundred-dollar bills from an inside jacket pocket. The bank band still wrapped the stack, and on it was printed \$10,000. Whereas the lone

heart at the center of the rectangular white field inspired amazement and delight in her brothers and in Maria, Agnes reacted to it with dread. She strove to mask her true feelings with a smile as thin as the edge of a playing card..She was so hot that the ice melted quickly. A thin trickle slid down her throat, but not enough to take the Sahara out of her voice when she said, "More."Focus, Caesar Zedd teaches, is the sole quality that separates millionaires from the flea-ridden, sore-pocked, urine-soaked winos who live in cardboard boxes and discuss vintages of Ripple with their pet rats. Millionaires have it, winos don't. Likewise, nothing but the ability to focus separates an Olympic athlete from a cripple who lost his legs in a car wreck. The athlete has focus, and the cripple doesn't. After all, Zedd notes, if the cripple had it, he would have been a better driver, an Olympic athlete, and a millionaire..The previous April, the lads from Liverpool had claimed all five of the top five. Real Americans, like the Beach Boys and the Four Seasons, were forced to settle for lower numbers. It made you wonder who had really won the Revolutionary War..Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood.."Sitters. Friends, relatives of friends. People I can trust. I can afford sitters if I'm getting only dinner tips."If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..In reality, it had been a homely device, a mere box. In memory, it seemed ominous, charged with the evil portent of a nuclear bomb..To Dr. Parkhurst, Vanadium said, "In my work, I see lots of people who've just lost loved ones. None of them has ever puked like Vesuvius."He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me."Spacious, the living room was furnished for two purposes: as a parlor in which to receive visiting friends, but also with two beds, because here Paul and Perri slept every night..When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now."Friday, December 29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual..Traditional logic argued that an infant, no more than two weeks old, could not be a serious threat to a grown man..Twilight, nearly gone and purple in the west, inspired a bright violet line along the crest of an incoming bank of bay fog, as though the mist were shot through with a luminous vein of neon, transforming the entire sparkling city into a stylish cabaret just now opening for business. The night, soft as a woman come to dance, carried a steely blade of cold in its black-silk skirts.."I've got one of those faces so ordinary you see it everywhere," said Edom, and decided to tell the story of the Tri-State Tornado of 1925..In spite of major earthquakes pending, explosions of dynamite hauling trucks on the highway, tornadoes somewhere churning, the grim likelihood of a great dam bursting along the route, freak ice storms stored up in the unpredictable heavens, crashing planes and runaway trains converging on the coastal highway, and the possibility of a sudden violent shift in the earth's axis that would wipe out human civilization, they risked crossing the boundaries of Bright Beach and traveled north into the great unknown of territories strange and perilous..Junior got in the car once more, slammed the door, and said, "Panfaced, double-chinned, half-bald, puke-collecting creep."..Reading the dates on the headstone, he saw that the minister's daughter had died on the seventh of January, the day after Naomi had fallen from the fire tower. If ever asked, Junior would have no trouble accounting for his whereabouts on that day.."I already told you-anything in your heart is as easy to read as the open page of a book."..Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry.."I don't ... don't understand." Blinking sleepily, pretending to be still thickheaded from tranquilizers and whatever other drugs they were dripping into his veins, Junior was pleased by the note of perplexity in his hoarse voice, although he knew that even an Oscar-caliber performance would not win over this critic..The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intensely as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies."..deodar cedars with layers of drooping branches surrounded the place, and usually they seemed sheltering, but now they loomed, ominous..About ten feet from the trunk of the oak, Barty departed his straight route and began to circle the tree..He was immensely weary, limp. He felt oppressed, as though a great weight were piled on him. Even keeping his eyes open was tiring..The coin stopped turning, pinched flat between the knuckles of the cops middle and ring fingers. He retrieved a box of Kleenex from the nightstand and offered it to his suspect. "Here."..By the way he acted, you'd have sworn that he gave me and Angel shelter in the storm, back then, instead of turning us out to freeze in the snow."..Returning the newborn to the nun, Celestina asked for the use of a phone, and for privacy..Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust.."I haven't disturbed him," said the visitor, taking his cue from the doctor and keeping his voice low..When the two vertical panes of the casement window were still less than seven inches apart, they stuttered. The mechanism produced a dismal grinding rasp that sounded like a guttural pronunciation of the problem itself, c-c-c-corrosion, and seized up..Unable to continue Tehanu's story (because it hadn't happened yet) and foolishly assuming that the story of Ged and Tenar had reached its happily-ever-after, I gave the book a subtitle: "The Last Book of Earthsea."..And God has four hundred billion billion fingers, and He plays a really hot version of "Hawaiian Holiday"..Tom plucked the quarter

off the glass, folded it into his right fist, and then at once opened his hand, which was now empty..Moving around the front of the station wagon, waving at his mother, reveling in her astonishment, Barty shouted, "Not scary!.Besides, he'd 'noticed a tendency among dopers to get maudlin, whereupon they sank into a confessional mood, seeking peace through rambling self-analysis and self-revelation. Junior was too private a person to behave in such a fashion. Furthermore, if drugs ever put him in a confessional mood, the consequence might be electrocution or poison gas, or lethal injection, depending on the jurisdiction and the year in which he fell into an unbosoming frame of mind..And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb?.Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain..They had a few days for quiet celebration of this astonishing recovery of his sight, and in that time, she never tired of watching him read to her. He didn't think she even listened closely. It was the fact of him made whole that lifted her spirits so high as they were now, not any writer's words nor any story ever written..Alone again with Wally, Celestina said, "They told me that once you regained consciousness, I can only visit ten minutes at a time, and not that often, either.".Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?".In fact, though he strained hard to recall their conversations, he could dredge up nothing that Seraphim had said during therapy, as if he'd been stone-deaf in those days. The only things he retained were sensual impressions: the beauty of her face, the texture of her skin, the firmness of her flesh under his ministering hands..Having settled on the sofa with Agnes and Barty, prepared to serve comfortably in the role of quiet observer, Edom was alarmed to have suddenly become the subject of conversation. He was also alarmed to be called "son," because in his thirty-six years, the only person ever to have addressed him in that fashion had been his father, dead for a decade yet still a terror in Edom's dreams..Sunday, Junior hid out from Scamp, using his Ansaphone to screen her calls, and worked with such astonishing focus on his needlepoint pillows that he forgot to go to bed that night. He fell asleep over his needles at ten o'clock Monday morning..Impressed by the sureness and swiftness with which the blind boy negotiated the steps and set off across the lawn, Tom didn't initially notice anything unusual about his stroll through the deluge..nonetheless. The rapist's curse. Healthy, but healthy at the expense of Phimie..holding hands as they watched John Wayne in *The Searchers*, David Niven in *Around the World in 80 Days*. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived..He was about to go in search of the canapes when he half heard one of the guests mention Bartholomew to the reverend's daughter. Only the name rang on his ear, not the words that surrounded it..The sight of her sister's blood and the persistence of the flow made Celestina weak with apprehension. She was afraid she had done the wrong thing by delaying hospitalization..Although Thomas Vanadium was unconscious, perhaps even dead, and though both nailhead-gray eyes were closed, Junior knew those eyes were watching him, watching through the lids..He thought he heard the soft swoosh of knife-edge wings slicing the January air. He dared not look up. More in his throat. The agony. Darkness poured into his head, as if it were blood rising relentlessly from his flooded stomach and esophagus..Chase after her on foot. Shoot her in the car. Maybe. He'd have five rounds left if he used one on the man, four on Bartholomew..In her features, the girl entirely resembled her mother. She was nothing whatsoever like Junior. Only the light brown shade of her skin provided evidence that she hadn't been derived from Seraphim by parthenogenesis..Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it..EDOM AND THE PIES, into the blue morning following the storm, had a schedule to keep and the hunger to satisfy..Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation..This didn't work for Junior. Strangely, when he focused on a mental image of any fruit-apple, peach, banana-his thoughts drifted to sex. He became aroused and had no hope of clearing his mind..While waiting for inspiration to present him with a better strategy, Junior returned to the telephone book in search of the right Bartholomew. Not the directory for Spruce Hills and the surrounding county, but the one for San Francisco..Putting an arm around Paul's shoulders, Dr. Salk walked with him along a street lined with eucalyptuses and Torrey pines, to a nearby pocket park. They sat on a bench in the sunshine and watched duck waddle on the shore of a man-made pond..She slept for a while, waking to a prayer spoken softly but fervently in Spanish..Havnor Great Port is the city at the heart of the world, white-towered above its bay; on the tallest tower the sword of Erreth-Akbe catches the first and last of daylight. Through that city passes all the trade and commerce and learning and craft of Earthsea, a wealth not hoarded. There the King sits, having returned after the healing of the Ring, in sign of healing. And in that city, in these latter days, men and women of the islands speak with dragons, in sign of change..Each page comprised four columns of names and numbers, most with addresses. Approximately one hundred names filled each column, four hundred to a page..Rena was cheerful, short, and solid. Her waist measurement must have been two-thirds her height, and she favored floral dresses that emphasized her girth. With a German accent and in a voice that always seemed about to dissolve in a great gale of mirth, she said, "Madchen lieb, you look like a Christmas candle to me.".In the instant that Junior had shoved Naomi into the rotted railing, he had foreseen this visit from Rudy, Sheena, and Kaitlin. He'd known he could pretend to be offended at the state's offer to put a price on his loss, could feign revulsion, could resist convincingly--until gradually, after grueling days or weeks, he reluctantly allowed the indefatigable."Simon's a good man. Now that he pretty much knows Cain pushed the wife, he doesn't feel better about representing him just because the payoff was big. And in the current case, he's not Cain's lawyer, so there's no conflict of interest, no ethics problem, so he's got a chance to set things right a little.". "It's partly that," she agreed. "But originally, Daddy wanted Phimie to tell, so the man could be charged and

prosecuted. Though he's a good Baptist, Daddy isn't without a thirst for vengeance." He surprised himself by sitting up in bed and shouting, "Shut up, shut up, shut up!". The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police.. Finally Vanadium said, "According to the lab report, the baby she was carrying was almost certainly yours." He hurt too much to recover quickly and take advantage of the woman's brief vulnerability. Clambering to his feet, he backed away from her and fumbled in a pocket for spare cartridges.. Monitoring Barty from the corner of her eye, Agnes paced herself to the strides of his short legs, so she was drenched and chilled when she reached the station wagon.. Usually, he remained still, tense, listening, until enough silence convinced him that the sounds he'd heard had been in the dream, not in the real world. If silence didn't settle him, he went into the living room, only to discover that she was always where he had left her, fork-and-fan-blade face wrenched in a soundless scream.. A pink spot in the center of Victoria's forehead marked the point of impact. Soon it would be an ugly bruise. The skull bone did not appear to have been cratered.. Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly.. Prepared for any contingency, Junior listened to the house until he was certain that he needed the knife for no one else.. From late morning until dinner, people arrived and departed, raised toasts to a merry Christmas and to peace on earth, to health and to happiness, reminisced about Christmases past, marveled about the first heart transplant performed this very month in South Africa, and prayed that the soldiers in Vietnam would come home soon and that Bright Beach would lose no precious sons in those far jungles.. He didn't even dare to pretend to wake up now, with a mutter and a yawn because the detective would know that he was faking, that he had been awake all along. And if he'd been feigning unconsciousness, eaves.. Nolly, telling the story of his day's work, paused as the waiter delivered two orders of the crab-cake appetizer with mustard sauce. "Nolly, Mrs. Wulfstan--enjoy!". Shaking the ravaged khakis at him, she said, "Then what made such a mess of these?. After a surgeon had lanced fifty-four boils and cut the cores from the thirty-one most intractable (shaving the patient's head to get at the twelve that were festering on his scalp), and after three days of hospitalization to guard against staphylococcus infection, and after he had been turned back into the world as bald as Daddy Warbucks and with the promise of permanent scarring, Junior visited the Reno library to catch up with current events.. Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous.. This seemed to be a statement of great mystery and beauty, and Agnes was still contemplating it when the last of the ice melted on her tongue. Instead of more ice, sleep was spooned into her, as dark and rich as baker's chocolate.. After an interminable silence, the detective said, "Do you know what believe about life, Enoch?". Phimie's stubbornly high blood pressure, the presence of protein in her urine, and other symptoms indicated her preeclampsia wasn't a recent development; she was at increased risk of eclampsia. Her hypertension was gradually coming under control-but only by resort to more aggressive drug therapy than the physician preferred to use.. The paramedic, fingers pressed to the radial artery in Junior's right wrist, must have felt a rocket-quick acceleration in his pulse rate.. He had learned many things about himself on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring-but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times.. Perhaps a lot of suspects were rattled and ultimately unnerved by this behavior. Junior wouldn't be easily trapped. He was smart.. "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to.".. At the farthest end of the loft from the stereo speakers, voices nevertheless had to be raised in even the most intimate exchanges. The artist who had created *In the Baby's Brain Lies the Parasite of Doom, Version 6*, however, possessed a voice as deep, sharp-edged, and penetrating as his talent.. "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic.".. As always in uncertainty, she asked herself what her mother would do in this situation. Grace, of infinite grace, unfailingly did precisely the needed thing, knew exactly the right words to console, to enlighten, to charm a smile out of even the miserable. Often, however, the needed thing involved no words, because in our journey we so often feel abandoned, and we need only to be reassured that we are not alone.. He almost laughed at himself, but he recalled the disconcerting laugh that earlier had trilled from him in the men's room, when he'd thought about stuffing Neddy Gnathic into the toilet. Now he pinched his tongue between his teeth almost hard enough to draw blood, hoping to prevent that brittle and mirthless sound from escaping him again.. Taking no chances, Junior swung the candlestick again, bending down as he did so. The second impact was not as solid as the first, a glancing blow, but effective.. "From childhood, I've had this ... awareness, this perception of an infinitely more complex reality than what my five basic senses reveal. A psychic claims to predict the future. I'm not a psychic. Whatever I am ... I'm able to feel a lot of the other possibilities inherent in any situation, to know they exist simultaneously with my reality, side by side, each world as real as mine. In my bones, in my blood-". "But I've never seen a case like this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it.".. "Now you don't have to worry," Angel said, "about what happens to him if ever you're gone, Aunt Aggie. If he can do this, he can do anything, and you can rest easy.".. "Oh, that's me, all right. I'm on the FBI's most-wanted list for criminal pie jostling."
