Namer, master of the knowledge of the True Speech."I am not a witch," she said. Her voice sounded high, metallic, after the men's deep voices. "I must they do so for a thousand years with no hope?". "There are. Where are you from?". "Mars?". So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come. "Tell us who you are," the white-haired man said, courteously enough, but without greeting or welcome. "Tell us how you came here." Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown. Now, as otter, he was thinking only that he would like to stay otter, be otter, in the sweet brown water, the living river, forever. There is no death for an otter, only life to the end. But in the sleek creature was the mortal mind; and where the stream passes the hill west of Samory, the otter came up on the muddy bank, and then the man crouched there, shivering. "And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless. Doorkeeper was done. "A woman," he said. training would first study the high arts of sorcery, and if successful in them might pursue his. "Yes," said the Patterner. "What goes too long unchanged destroys itself. The forest is for ever because it dies and dies and so lives. I will not let this dead hand touch me. Or touch the king who brought us hope. A promise was made, made through me, I spoke it - "A woman on Gont" - I will not see that word forgotten." 959 Eighth Avenue. "You're singing," she said and lightly tugged at me. We walked among the tables and I. Maharion died a few years after Erreth-Akbe, having seen no peace established, and much unrest and dissent within his kingdom. It was widely said that since the Ring of Peace was lost there could be no true king of Earthsea. Mortally wounded in battle against the rebel lord Gehis of the Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land living and come to the far shores of the day." Gelluk was used to hearing people say the words he had put in their mouths, if they said anything. "Will you trust me entirely, wholly - knowing that the risk I take for you is greater even than file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (25 of 111) [2/5/2004 12:33:30 AM]. But Early could follow the lead, and if his own powers were not enough he maybe not all your name. I think you have another. "Oh, there," cried the girl, "the rast on the vuk, your rast, you can make it, hurry!" Lebannen. Then, as the dragon bore our friend away, the Summoner fell down. When she asked him if students came there from the Great House, he said, "Sometimes." Another time he said, "My words are nothing. Hear the leaves." That was all he said that could be called teaching. As she walked, she listened to the leaves when the wind rustled them or stormed in the crowns of the trees; she watched the shadows play, and thought about the roots of the trees down in the darkness of the earth. She was utterly content to be there. Yet always, without discontent or urgency, she felt that she was waiting. And that silent expectancy was deepest and clearest when she came out of the shelter of the woods and saw the open sky. All spells use at least a word of the Old Speech, though the village witch or sorcerer may not. He had lost something and had to find it. He did not know what he had lost, but it was in the fiery tower, the place where stone stairs went up among smoke and fumes. He had to go there. He got to his feet and shuffled, lame and unsteady, back down the valley. "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the training." "I told him," Golden said, "that I had seen you, with a turn of your hand and a single word, change a wooden carving of a bird into a bird that flew up and sang. Pre seen you make a light glow in thin air. You didn't know I was watching. I've watched and said nothing for a long time. I didn't want to make too much of mere childish play. But I believe you have a gift, perhaps a great gift. When I told Master Hemlock what I'd seen you do, he agreed with me. He said that you may go study with him in South Port for a year, or perhaps longer." "Go in?" the boy Dulse had whispered. "He knows that, sister," Mead told her. "Didn't he tell us he was a ship carpenter? But it's a master again, if you will." him. Gelluk was powerful, masterful, strange, yet he had set him free. But, then, He went slowly round to the eastern side of the hilltop, bright and warm already with the light of the sun a couple of fingers' width above the horizon. Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why he thought so, since beyond the grove he could see treeless heaths and pastures. Clenching and unclenching his hands, he stood as far from her as he could, his back to her. betrayed me." Irioth came up onto the doorstep. He did not go in, but spoke in the open door. Gelluk's gone. Maybe Losen will. Tuly shared it with him for a long time, since she could see her son only by lying to her husband, which she found hard to do. She wept to think of Diamond hungry, sleeping hard. Cold nights of autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet singer of the West of Havnor, Diamond who had harped and sung to the great lords in the Tower of the Sword, her heart grew lighter. And once, when Golden was down 'at South Port, she and Tangle took a donkey cart and drove over to Easthill, where they heard Diamond sing the Lay of the Lost Queen, while Rose sat with them, and Little Tuly sat on Tuly's knee. And if not a happy ending, that was a true joy, which may be enough to ask for, after all. My eyes still closed, I touched my chest; I had my sweater on; if I'd fallen asleep without and she looked straight at him for the first time. Her eyes were clear orange-brown, like dark. She pondered. "I don't know." "Perhaps I am wrong," said Hemlock in his dry, flat voice. "Your gift may be for Pattern. Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star. "I couldn't. They'd know. I couldn't even get in. There's the Doorkeeper, you said. I don't know." Lord Thorion has returned from death to save us all," the Windkey said, fiercely and clearly. "He will be Archmage. Under his rule Roke will be as it was. The king will receive the true crown from his hand, and rule with his guidance, as Morred ruled. No witches will defile sacred ground. No dragons will threaten the Inmost Sea. There will be order, safety, and peace." "Excuse me, Master," he said. Oared galleys seldom went out of sight of land and seldom rowed through the night, laying to in any bay or harbor; but there was no moorage on this crossing, and since the weather was settled so mild, they had put up the mast and big square sail. The ship drifted softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep but the helmsman and the lookout, and the lookout was dozing. The water whispered on her sides, her timbers creaked a little, a slaves chain rattled, rattled again. "And I in my tower," said the Namer. Nothing in him was whole, not even his madness. He couldn't remember the name he had told. "Do it." Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided. The wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and new clothes, a shirt or skirt or shift for every child, which was an old custom in the West of Havnor, and dancing on the village green in the warm autumn evening. Diamond had many friends, all the boys his age in town and all the girls too. The young people danced, and some of them had a bit too much beer, but nobody misbehaved very badly, and it was a merry and memorable night. The next morning Golden told his son again that he must think about being a man. and drunker than usual, so that he fell and gashed his forehead on the andiron. Bleeding and. Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a
