"Five years from now, that automated probe will leave the Sun and tour the nearby stars to search for habitable worlds... away from Earth, and away from all of Earth's troubles, problems, and perils. Eventually, if all goes well, it will arrive at same place insulated by unimaginable distance from the problems that promise to make strife an inseparable and ineradicable part of the weary story of human existence on this planet." Congreve's expression took on a distant look as he gazed at the replica, as if in his mind he were already soaring with it outward and away. "It will be a new place," he said in a faraway voice. "A new, fresh, vibrant world, unscarred by Man's struggle to elevate himself from the beasts, a place that presents what might be the only opportunity for our race to preserve an extension of itself where it would survive, and if necessary begin again, but this time with the lessons of the past to guide it." And the song ends, one last diminishing chord, but her body continues to move. For her there is still. three inches and went back to typing. Grinning, I picked up my phone. "Hello, Janice," I said. A similar case is that of H. G. Wells's The Island of Dr. Moreau, filmed with superbly demonic atmosphere as Island of Lost Souls in 1932. Charles Laughton, maybe the best actor yet to appear on film, gives an extraordinary performance as Dr. M., and Bela Lugosi captures the spirit of the beast men as the Speaker of the Law with the abhuman quality that characterized his Dracula. Now Burt Lancaster is one of film's most underrated actors, but his straightforward non-intellectual approach to the doctor role undermined the '70s trip to the Island; Richard Basehart didn't help matters by looking like a beneficent Old Testament prophet in the Lugosi role. But even Laughton and Lugosi would have been hard put to come across, with the later film's completely uninteresting script and camerawork. "That's just what I mean.
