

## **N ZU RO UND ZU FU UND IHRE GESCHICHTE DIE AUS DEM NACHLASS DES OBER**

Barty rode with his mother in her green Chevrolet station wagon. Because the cakes, pies, and gifts were too numerous to be contained in one vehicle, Edom followed them in his flashier yellow-and-white '54 Ford Country Squire..Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice..In her features, the girl entirely resembled her mother. She was nothing whatsoever like Junior. Only the light brown shade of her skin provided evidence that she hadn't been derived from Seraphim by parthenogenesis..Still looming over her, he snatched the pad out of her hands and examined the sketch. "Where would you have seen this? ".I got Starkweather, killing all those people with no hope of personal gain. You got maniac cops and this new war in Vietnam..AT ST. MARY'S HOSPITAL, where Wally had brought Angel into this world three years ago, he was now fighting for his life, for a chance to see the girl grow and to be the father she needed. He'd been taken to surgery already when Celestina and Angel arrived a few minutes behind the ambulance..almost recoiled in disgust. She held the newborn so that its mother could look into.The disease hadn't corrupted her heart, and it had left her face untouched, as well. Lovely, she was, as she had always been..Between the one-line description of the baklava and the menu's more effusive words about the walnut mamouls, the suspense became too much, the doubt too insidious, at which point Celestina looked up and said, with more girlish angst in her voice than she had planned "Maybe this isn't the place, maybe it isn't the time, or maybe it's the time but not the place, or the place but not the time, or maybe the time and the place are right but the weather's wrong, I don't know--Oh..The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form..Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life..She rushed on: "I'm one of the best waitresses they have, so if I ask for dinner shifts only, I'll get them. Tips are better at dinner. And working the one shift, four and a half to five hours, I'll have a regular schedule."..Friday, after dinner, when he'd heard enough of Maria's method of fortune-telling to know that four decks were required, that only every third draw was read, and that aces-especially red aces-were the most propitious cards to receive, Jacob had taken great pleasure in preparing for Barty the most favorable first eight cards that could possibly be dealt. This was a small gift to cheer Agnes, on whose heart Joey's death weighed as heavily as iron chains..Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot..Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens..After a surgeon had lanced fifty-four boils and cut the cores from the thirty-one most intractable (shaving the patient's head to get at the twelve that were festering on his scalp), and after three days of hospitalization to guard against staphylococcus infection, and after he had been turned back into the world as bald as Daddy Warbucks and with the promise of permanent scarring, Junior visited the Reno library to catch up with current events..Yet the coin was as real as dead Naomi broken on the stony ridge at the foot of the fire tower..Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace."..This surprised him. Of course, Oregon was not the Deep South. It was a progressive state. Nevertheless, he was surprised. Oregon wasn't home to many Negroes, either, a handful compared to those in other states, and yet until now Junior supposed that they had their own cemeteries..Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind..The masterpiece that Junior purchased was small, a sixteen-inch-square canvas, but it cost twenty-seven hundred dollars. The entire picture-titled The Cancer Lurks Unseen, Version 1-was flat black, except for a small gnarled mass, bile-green and pus-yellow, in the upper-right quadrant. Worth every penny.."Does my dad like Christmas?" Barty asked, sitting on the grave grass in front of the headstone..Junior considered leaving before Vanadium-still seventy-five yards away-arrived. He was afraid he would appear to be fleeing.."Quitting medicine?" Celestina asked, baffled by his announcement and his upbeat attitude..When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse..Aware that his tension was building intolerably, Junior decided that he needed Scamp more than he dreaded her. He spent the remainder of Wednesday, until dawn Thursday, with the indefatigable redhead, whose bedroom contained a vast collection of scented massage oils in sufficient volume to fragrantly lubricate half the rolling stock of every railroad company doing business west of the Mississippi..These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before..Nellie found the strength to rise, but having risen, she was unable to speak. Her mouth shaped words, but her voice deserted her..Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had

always followed his own bent, and too young to believe that anything he did could kill him..Having been so wounded by one death, Celestina could not imagine how Lipscomb could have survived the loss of his entire family. Pity knotted her heart and cinched her throat so that she spoke in little more than a whisper: "Was that the American Airlines. . .".Caesar Zedd recommended not merely seizing the day but devouring it. Chew it up, feed on the day, swallow the day whole. Feast, said Zedd, feast, approach life as a gourmet and as a glutton, because he who practices restraint will have stored up no sustaining memories when famine inevitably comes..The guest room. Bring Grace to the window. Disengage the latch. No good. Warped or painted shut. Small panes, sturdy mullions too difficult to break out.."Wouldn't dream of asking you to make it a habit. Just this one time. If anguish, why not guilt?".As one of the two paramedics hurried to the ambulance van and scrambled into the driver's seat, Agnes suffered another contraction so severe that for a tremulous moment, at the peak of the agony, she almost lost consciousness.."He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive.".Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing.."After the quake," Edom said, "forty thousand people took refuge in a two-hundred-acre open area, a military depot. A quake-related fire swept through so fast they were killed standing up, so tightly packed together they died as a solid mass of bodies.".After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain..When he woke in- the morning, he raised his head from the pillow to look at the alarm clock-and saw the twenty-five cents on his nightstand. Two dimes and a nickel.."Oh, my Lord," Chicane groaned as he and Sparky half carried Junior into the bathroom..Shadows still perched throughout most of the room. They no longer reminded her of roosting birds, but of a featherless flock, leathery of wing and red of eye, with a taste for unspeakable feasts..Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call..face with one hand, as if pulling off cobwebs. "Did you say you were in my house?". "From time to time now, you're going to be written about," Helen warned. "Be prepared for a peevish critic or two, furious about your optimism.".The paramedic, fingers pressed to the radial artery in Junior's right wrist, must have felt a rocket-quick acceleration in his pulse rate..As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged.."Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers-doesn't matter what their religion.".Yet, uncaught, the quarter would have dropped to the floor. Junior would have heard it ring off the tiles. Which he hadn't..Of course, he had the Pinchbeck and Gammoner identities waiting, two escape hatches. But he didn't want to use them. He liked his life on Russian Hill, and he was loath to leave it..He had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here..Though they had expected the cause of the explosion, both Paul and Harrison were halted by shock at the sight of all this ruination. They had expected to find the car jammed into the wall of the house, never this far inside. The speed required to penetrate this distance into the structure beggared Paul's skills of calculation and made him wonder if even recklessness and alcohol were sufficient to produce, such a catastrophe..Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever..Apparently, he'd been drooling for a long time. Where his chin and throat were not sticky, a crust of dried saliva glazed his skin..People like Enoch Cain, of course, never choose between the right and the wrong thing, but between two evils. For themselves, they create world after world of despair. For others, they make worlds of pain..The girl sucked in deep lungful of the weary clouds. "Better hold tight, Mommy, I'm gonna float.".A man came out of the stone tower. He passed them, walking hurriedly with a queer shambling gait, staring straight ahead. His chin shone and his chest was wet with spittle leaking from his lips..Carrying him to the window, gazing up at the stars, the moon, she said, "I'll always read to you, Barty.".On Thursday, December 28, employing forged driver's licenses and social-security cards as identification, Junior opened small savings accounts and also rented safe-deposit boxes for Pinchbeck and Gammoner at different banks with which he'd never previously done business, using the mailing addresses that he'd established earlier..Seraphim's child had been alive is long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him..When the police operator answered, Junior shrieked, "I've been shot! Jesus! Shot! Help me, an ambulance, ooohhhh shit! Hurry!".Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line..Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come..He had sworn this vow before. An argument could be made that he had broken it..As he was wheeled headfirst into the operating room, Barty raised off the gurney pillow. He fixed his gaze on his mother until the door swung shut between them.."Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire.".Since dealing with Victoria and the detective, Junior had taken pride in the fact that he'd kept his equanimity and, more important, his lunch. No acute nervous emesis, as he'd suffered following poor Naomi's death. Indeed, he had an appetite..Jell-O were served to Agnes Lampion as, on farms farther inland from the coast, roosters still crowed and plump hens clucked contentedly

atop their early layings..He paid cash to the locksmith, and included in the payment were the two dimes and the nickel Vanadium had left on his nightstand..Not cheerful, life-loving, high-spirited, churchgoing Naomi. She saw every day through a golden haze that came from the sun in her heart..Although only half the stools at the counter were occupied, and none of those close to Junior, customers were seated in most of the booths. Some had their backs to him, and three were about Vanadium's size..On the day that Vanadium attended the graveside service for Seraphim and subsequently stopped at Naomi's grave to needle Cain, he had suspected that Phimie didn't die in a traffic accident, as claimed, but he hadn't for a moment thought that the wife killer was in any way connected. Now, finding this gallery brochure in the nightstand drawer seemed to be one more bit of circumstantial proof of Cain's guilt..With Angel at breakfast, instead of just Uncle Jacob, at least Barty had someone to talk to, even if she did insist on speaking more often through her dolls than directly. Apparently, the dolls were on the table, propped up with bowls. The first, Miss Pixie Lee, had a high-pitched, squeaky voice. The second, Miss Velveeta Cheese, spoke in a three year-old's idea of what a throaty-voiced, sophisticated woman sounded like, although to Barty's ear, this was more suitable to a stuffed bear..Odder yet, the pianist had studied him with a keen interest that was inexplicable, since they were essentially strangers. When caught staring, he'd appeared rattled, turning away quickly, eager to avoid further contact..Turning away from the window, Tom met her gaze. His smoke-gray eyes looked frosted, as though the fog ghosts had passed through the window and possessed him. But then the flame on the table candle flared in a draft; lambent light melted the chill from his eyes, and she saw again the warmth and the beautiful sorrow that had impressed her before..Junior flung back the covers and came to his feet, but his knees proved weak, and he sat at once on the edge of the bed..He was a man of medicine and science, who had been served well by hard logic and by an unwavering commitment to reason. He wasn't prepared easily to accept the notion that logic and reason, while essential tools to anyone hoping to lead a full and happy life, were nevertheless sufficient to describe either the physical world or the human experience.. "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?".Joey rested not under the stern watch of the cypresses, but near a California pepper tree. With its graceful, cascading boughs, it appeared to stand in meditation or in prayer..A music tradition was deeply rooted in the Negro community. No similar tradition in magic existed..Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body..He phoned her before leaving, to be sure she was home. She didn't work weekend shifts at the hospital; but maybe she would have gone out on this night off. When she answered, he recognized her seductive voice-and devilishly muttered, "Wrong number.".The blonde was coming on to him, just as a score of other women had done since his arrival, so Junior tried to balance seduction with information gathering. Putting his hand over the hand with which she was gently massaging his thigh, he said, "I knew her brother in Nam. Then I got wounded, shipped out, lost touch. Like to find him.". "He's not a real contemporary person, not anyone Cain needs to fear. So how did he develop this obsession with finding someone named Bartholomew?" He met Celestina's eyes, as if she might have answers for him. "Is there a real Bartholomew? And how does this tie in with his assault on you? Or is there any tie-in at all?".She slammed it shut before he could stop her, whether he had intended to stop her or not, and she engaged the deadbolt lock..Junior was tempted to experiment with the controls. Maybe other messages were recorded on the machine. Listening to them would be delicious-even if every one of them turned out to be as meaningless to him as Max's--a little like browsing through a stranger's diary..The dear man cried and kissed her scars and told her that she was as beautiful as any woman alive. They stood then for a while, embracing, his hands upon her back, her breasts against his chest, and twice they kissed, but almost chastely, before she put on her blouse again..He bought cracker sandwiches, some filled with cheese and some with peanut butter, redskin peanuts, chocolate bars, and Coca-Cola. Although this was an unhealthy meal, cheese and peanut butter and chocolate shared a virtue: they were all binding..At worst, Vanadium might begin to wonder if Junior had a link to Seraphim, might uncover the physical-therapy connection, and in his paranoia, might erroneously conclude that Junior had something to do with her traffic accident. That was nuts, of course, but the detective was evidently not a rational man..His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome..His breath was warm against her throat: "And I want to go back home to see some faces.".than the left: slack yet with a pulled look. The left eyelid drooped. That side of her..In that instant, she knew the dreadful shape of the future, if not its fine details..The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared..Far from idiotic, Junior's cause was his survival and salvation, and he committed himself to it with every fiber of his body, with all of his mind and heart..She loosened her hair and brushed it out, and Nolly took her to dinner at their favorite place, which had the decor of a classy saloon and a bay view suitable for God's table. They came here often enough that the maitre d' greeted them by name, as did their waiter..By dawn, when the intestinal paroxysms finally passed, this bold new man of adventure felt as flat and limp as road kill..Junior took two steps toward him, sighting the gun on his face. "Why should I be afraid of a stumbling blind boy no bigger than a midget?". "Mommy, watch!" He turned in the deluge with his arms held out from his sides. "Not scary!".An exceptionally attractive woman, alone at the bar, stirred his desire. Glossy black hair: the tresses of night itself, shorn from the sky..In the main room, on his way toward the front door, Junior saw Celestina White surrounded by adoring fatheads, nattering ninnies, dithering dolts, saps and boneheads, oafs and gawks and simpletons. She was still as gorgeous as her shamelessly beautiful paintings. If the opportunity arose, Junior would have more use for her than for her so called art..Through fog-shrouded hills forested with oaks,

maples, madrones, and pepperwoods, through magnificent stands of redwoods that towered three hundred feet, he arrived in Weott on the evening of January 3, 1968, where he stayed the night. If Paul had any northernmost goal for this trip, it was the city of Eureka, almost fifty miles farther-and for no reason, other than to eat Humboldt Bay crabs at their origin, because that was one of his and Perri's favorite foods..Sheena Hackachak, at forty-four, was more beautiful than any current movie star. She looked twenty years younger than her true age, and she so resembled her late daughter that Junior felt a rush of erotic nostalgia at the sight of her..able to reconcile these opposed forces, she was all but paralyzed by indecision..body on the flight out of San Francisco. When finally her obligations were met, she."Naomi, are you in there?" Junior whispered again, peering into the windows of the girl's soul..Weird, this kid. Making him uneasy. All in white, with her incomprehensible yammering about talking books and talking dogs and her mother driving pies, and working on a damn strange drawing for a little girl..He woke several times that night, instantly alert for a ghostly serenade, but he heard no otherworldly crooning.
