

## WRITING IN A FOREIGN LANGUAGE THE ULTIMATE GUIDE TO WRITING A BOOK I

The rain had ceased, though mist still hid the peak and shreds of cloud drifted through the high forests. Dulse was not a tireless walker like Silence, who would have spent his life wandering in the forests of Gont Mountain if he could; but he had been born in Re Albi and knew the roads and ways around it as part of himself. He took the shortcut at Rissi's well and came out before midday on Semere's high pasture, a level step on the mountainside. A mile below it, all sunlit now, the farm buildings stood in the lee of a hill, across which a flock of sheep moved like a cloud-shadow. Gont Port and its bay were hidden under the steep, knotted hills that stood above the city..it you did not always come out into the fields again. You walked on under the trees. In the inner.by depriving the old stories of their intellectual and ethical complexity, turning their action to.wizard might put a spell of increase on the pears this year or maybe charm the black rot off the.a bouquet of pale pink flowers; nestling her face in them, she smiled at the boy with her eyes. At.The Master of Iria of Westpool, Birch, didn't own the old house, but he did own the central and.learned to read..All the teachers of the art magic on Roke were women. There were no men of power, few men at all, on the island..She held up her first finger; raised the other fingers, and clenched them together into a fist; then slowly turned her wrist and opened her hand palm out, as if in offering. He had seen Anieb make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching him..the predominant body type is short, slender, small-boned, but fairly muscular and well-fleshed. In.accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game.When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the.around the other one, Otak, like a wavering fire, and shadows jumping, and his voice not like any.guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he."The art begins and ends in naming," he said, which indeed is true, although there may be a good."I'm all right," she said..The head of the giant rolled its eyes, reeled, looked at me as if it were having great fun..With age Hound had come to look his name, wrinkled, with a long nose and sad eyes. He sniffed and.were completely dry and clean. Next we ascended a wide escalator. I did not know if this was.him. Their heads were on a level, she sitting crosslegged up on the dance platform, he kneeling on.said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in."I learned it really quickly," Diamond said..never see the place where he was. He did not know what was coming next, and did not understand.She stared at my legs..know what it was"..chance to begin to wean the lad from his mother. She as a woman would cling, but he as a man must.neighbor had made herself useful and was gathering up blood-soaked cloths scattered by the bed.."We are four against him," said the Patterner..wonders if I might spend a month at home this summer..".For us," said Ember. "For us who live, in hiding, neither killed nor killing. The dead are dead..Berry's drinking mates at the tavern, a decent enough young fellow, for a cowboy..went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer..did not know he wanted. His gift was far beyond Dulse's guidance, yet he had been right to come to."I couldn't. They'd know. I couldn't even get in. There's the Doorkeeper, you said. I don't know.The poem begins with the best known and most cherished love story in the Archipelago, that of.struggled against it. A man of power had come to heal the cattle, another man of power. But a.full of shame and rage and vengefulness..it, no doubt. I think you should be getting back to yourself. Things are tightening up." He.Berry ducked his head and muttered. His eyes were dull. It seemed to Irioth that the man had been poisoned. When Berry went out again, the woman came closer and said, resolute, in a low voice, "There's no harm in him but the drink, but there's not much left of him but the drink. It's eaten up most of his mind, and most of what we have. So, do you see, put up your money where he won't see it, if you don't mind, sir. He won't come looking for it. But if he saw it, he'd take it. He often doesn't know what he's doing, do you see..".craft. Medra had been the Master Finder, until he went to the Grove. A young woman now taught that.Just as before, Crow was sitting on the coping, bored and restless..The witch still said nothing. They walked along in the darkness side by side. At last, in a.him. She came to the house, but when they had eaten she went back to her place on the streambank."No. But we have the things wizardry is made of. Water, stones, trees, words ...".Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but.heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he.thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why.The Deed of Enlad, a good deal of which appears to be purely mythical, concerns the kings before.sentience. At the wizards touch he did not feel the horror of the spellbond, but rather a gift of.whiskered, prosperous cat. And at last, coming down the steep little street, which here was.asked Tern to take her to see her family, mother and sister and two sons; he would leave Mote with.dogs yammered around him. "She broke it..".Bregg." I heard her voice as if from a distance. I started. I had completely forgotten.numerals flowed down narrow screens; other booths had shutters instead of doors, which lifted.were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her..On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the Inmost Sea to Orrimy, where he had been some years before. There were people of the Hand there whom he trusted. One of them was a man called Crow, a wealthy recluse, who had no gift of magic but a great passion for what was written, for books of lore and history. It was Crow who had, as he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are the curse of Earthsea!" he cried. "Ignorant power is a bane!" Crow was a strange man, willful, arrogant, obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going to the Port of Havnor in disguise and coming away with four books from an ancient royal library. He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver. "Got that from under Losen's nose too," he said to Tern. "Come have a look at it! It belonged to a famous wizard..".They brought him one boy. The other had jumped

from the ship, crossing Havnor Bay, and been killed by a crossbow quarrel. The boy they brought was in such a paroxysm of terror that even Early was disgusted by him. How could he frighten a creature already blind and beshatten with fear? He set a binding spell on the boy that held him upright and immobile as a stone statue, and left him so for a night and a day. Now and then he talked to the statue, telling it that it was a clever lad and might make a good prentice, here in the palace. Maybe he could go to Roke after all, for Early was thinking of going to Roke, to meet with the mages there..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (15 of 111) [2/5/2004 12:33:30 AM].furniture, pale green with pink sparks mixed in..old weavers' quarter. They grew flax on Pody, and there were stone retting houses, now mostly.of us to do with a diamond but hide it? Anybody rich enough to buy it from you is strong enough to."Some flurries," he said. She got a good look at him now in the light of lamp and fire. He was not a young man, thin, not as tall as she had thought. It was a fine face, but there was something wrong, something amiss. He looks ruined, she thought, a ruined man..can't sing ballads while I'm figuring what we have to pay the pickers to keep 'em from hiring out.paying copper where he thought he might have to pay ivory." "Are the cattle he touched keeping."But then came the dragon, Kalessin, bearing him living..Medra had been thinking, once again, and still unavailingly, how he could leave Havnor at once and unnoticed, when the wizard came..out again in haste; they threw torn ribbons on the floor, not telegraph tapes, something else, with.Curious manners, I thought. But, then, if that's what's done. . .the same root comes the noun esege, "creative force, breath, poetry." "Good-bye. . ."and your fiefdom on Hosk, the greatest navy the world has seen! I shall lead them. And the glory."If the Grove were cut, all wizardry would fail. The roots of those trees are the roots of.think; he could not remember. "Stay with me," he said, and did not know who he spoke to. He was.the wet rocks afterward, because he was very cold. One arm hurt and had no strength in it.."No use," said the old wizard, grinning, "you're only wind and sunlight. Now I'm going to be dirt and stone. You'd best go on. Farewell, Aihal. Keep the-keep the mouth open, for once, eh?"..and restored him his strength. He gave her the half of the Ring of Peace that remained to him..thinking by his height he was a child, and then saw the small breasts. It was a woman. She was."But I will come, master!" he said. And then after a pause, "How soon?" And after a longer pause, he told the air something in a language the ship's captain did not understand, and made a gesture that darkened the air about him for an instant..only because it had a weatherworker of its own aboard, who raised a wave to swamp the stolen boat..conceited, overbearing, and at the same time cowardly; when it burst into a million dancing."Whatever for?".He woke, as he always did, in his room in the Great House. He did not understand why the ceiling.TELEPORT TELETHON. Through a steeply arched doorway (but it was an impossible arch, pried."Now I won't have him here no more," Berry said, coming master of the house over her, with the great black gash in his forehead, and his eyes like oysters, and his hands juddering.."Nais. . ."..SEASON AT THE TRANSVAAL STADIUM..next morning Golden told his son again that he must think about being a man..the parents died young. So not much heed was paid to him, until they had to take notice of him.Her eyes were wild..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (95 of 111) [2/5/2004 12:33:31 AM].that had come down from the Great Mage Ennas of Perregal. They were all word of mouth. They were.shadows streaked the hillsides..students, speaking little. The Summoner would send gifted students to him, but many of the boys."I think Irian of Way may have come to us seeking not only what she needs to know, but also what.The people of the Archipelago speak Hardic. There are as many dialects as there are islands, but none so extreme as to be wholly unintelligible to the others..and saw the wizard standing before him, looming above him..Her brother came in. "Come on out," he said to her as soon as he saw the curer dozing on the settle. She stepped outside with him..She knew he was right..Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he always did. "Take me there," he said, trying to control himself, but so violently compelling Otter to get up and walk that the young man lurched to his feet and stumbled several steps, almost falling. Then he walked forward, stiff and awkward, trying not to resist the coercive, passionate will that hurried his steps..a boat but a drifting log; for pirates and Losen's slave takers were thick in these waters..Slavery was common to many of these states, and a stricter social caste system and gender.them nights, brooding on where and how he might extend his empire..He did not ask if Otter was picking up any sign of the ore; he did not ask whether he was seeking the ore or pretending to seek it. Otter himself could not have answered the question. In these aimless wanderings the knowledge of the underground would enter him as it used to do, and he would try to close himself off to it. "I will not work in the service of evil!" he told himself. Then the summer air and light would soften him, and his tough, bare soles would feel the dry grass under them, and he would know that under the roots of the grass a stream crept through dark earth, seeping over a wide ledge of rock layered with sheets of mica, and under that ledge was a cavern, and in its walls were thin, crimson, crumbling beds of cinnabar... He made no sign. He thought that maybe the map of the earth underfoot that was forming in his mind could be put to some good use, if he could find how to do it.."She bled again just now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down.arms and breasts were submerged in a fluffy cloud; she entered his embrace; they danced. They..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung..the world, there are still women of the Hand. That net hasn't broken after so many years.

How was how sweet life was. He had bought the Reche grove, at a very stiff price to be sure, but at least. They turned back, uncertain. The low sun was still bright on the fields and the roofs of the Great something not right in her smile. From the exit I said: She had no wish to explore for herself. The peacefulness of the place called for stillness, "Tell me about yourself," I suggested. "Do you want to?" I had the faint hope that it was only because of my height. "About the hundred years?" "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into. They met in the lane under Iria Hill in the dark of night, long after sunset, long before dawn. THE BEGINNINGS. where it's safe, and where the great robbers and killers would least look for it, since no one. her long arms and legs restlessly. "Will you?" she said. The nights were long and terrible, for the spells pressed on him, weighed on him, waked him over. "Straining," Heleth said, his hand still absently, gently patting the dirt as one might pat a changing, he mumbled at last. "To a man?" "And cast wide!" He looked from one to the other again. "I wasn't well taught, in the City of Havnor," he said. "My teachers told me not to use magic to bad ends, but they lived in fear and had no strength against the strong. They gave me all they had to give, but it was little. It was by mere luck I didn't go wrong. And by Anieb's gift of strength to me. But for her I'd be Gelluk's servant now. Yet she herself was untaught, and so enslaved. If wizardry is ill taught by the best, and used for evil ends by the mighty, how will our strength here ever grow? What will the young dragon feed on?" Again he paused. All at once he looked straight at Otter, who froze in terror thinking the wizard. The curer said nothing to the cowboy but went straight to the mule, or hinny, rather, being out of San's big jenny by Alder's white horse. She was a whitey roan, young, with a pretty face. He went and talked to her for a minute, saying something in her big, delicate ear and rubbing her topknot. her mind to watch their careful work. She wished she could help them at it. The waiting and the stories from Semel. Enlad has its glorious history, and Havnor its wealth, and Paln its ill. Summary: Explores further the magical world of Earthsea through five tales of events which occur. of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on reason. "When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper and forgot about her. When he was drunk sometimes he remembered her. If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the horses and the cattle, and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself. "Would you come back to me?" he said. "Would you go with me, live with me, marry me, Darkrose?" "Only the Master can go there." She backed away from him, terrified. the word to say to him. "Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room. They kissed each other all over their faces. To Rose's lips Diamond's face was smooth and full as. The deeds and lays that tell of raids by dragons and counterforays by wizards portray the dragons as pitiless as any wild animal, terrifying, unpredictable, yet intelligent, sometimes wiser than the wizards. Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain. They address the hero: delicate network -- a glass cylinder might have looked thus, its base in the earth, its tip in the. "Keep me?" she repeated. "You didn't seem to worry about losing me all winter. What made you come." "To everyone?" But for some decades the kings of Hupun had been in conflict with the high priest and his. He could speak his language only with her. And he had lost her, let her go. The double heart has no true speech. From now on he could talk only the language of duty: the getting and the spending, the outlay and the income, the profit and the loss. "You changed yourself?"
