Wizards trained at the school went to other islands of the Archipelago to work against warlords, pirates, and feuding nobles, preventing raids and forays, imposing penalties and settlements, enforcing boundaries, and protecting individuals, farms, towns, cities, and shipping, until social order was re-established. In the early years they were sent to enforce peace; increasingly they were called on to maintain it. While the throne in Havnor remained empty, for over two hundred years Roke School served effectively as the central government of the Archipelago..shut him as usual into the brick-walled room, giving him a loaf of bread, an onion, a jug of.and parts of islands, parts of ships, parts of the human body. The shrubs and scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves on the bushes. To their left a little stream ran low among willow thickets. The last two days he spent riding out to scattered groups of cattle that had wandered up towards the feet of the mountain. Many of them were not infected yet, and he could protect them. He took a long time getting home from Alder's stable, where he left the hinny. Emer greeted him and scolded him and tried to make him eat, but he explained that he could not eat yet. "As I stayed there in the sickness, in the sick fields, I felt sick.
