

SAND IN THEIR EYES ONE FAMILYS ESCAPE FROM POST WAR VIETNAM

Devil mountains, sacred islands, sacramental rivers and cities, Jesuits: These spiritual references at every turn made Junior uneasy. This was a haunted night, no doubt about that. He wouldn't have been greatly surprised if he had glanced at his rearview mirror and seen Thomas Vanadium's blue Studebaker Lark Regal closely tailing him, not the real car raised from Quarry Lake, but a ghostly version, with the filthy-scabby-monkey spirit of the cop at the wheel, an ectoplasmic Naomi at his side, Victoria Bressler and Ichabod and Bartholomew Prosser and Neddy Gnathic in the backseat: the Studebaker packed full of spirits like a bozo-stuffed clown car in a circus, though there would be nothing funny about these revenge-minded spooks when the doors flew open and they came tumbling out..Then Agnes said, "Well, it's clear to me that you won't be able to talk out your life in just one year. Should be a two-year grant." For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him..A great boom. Concussion rocked the floor and shuddered the walls and made the roof timbers squeal as though unsuspected colonies of bats had taken flight by the thousands all in the same instant..RED SKY IN THE morning, sailors take warning; red sky at night, sailors delight..Cypresses lined the entry drive to the cemetery. Tall and solemn, the trees kept guard, as though posted to prevent restless spirits from roaming out into the land of the living..He looked up into the eyes of the stocky man with the birthmark. They were gray eyes, hard as nail heads, but clear and surprisingly beautiful in that otherwise unfortunate face..A stab of horror punctured Celestina as she failed to repress a mental image of a carnival-sideshow monster, half dragon and half insect, coiled in her sister's womb. She hated the rapist's child but was appalled by her hatred, for the baby was blameless..get his hackles up if we, at the state level, still want to poke around a little..After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention..After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones..With no job to return to, he dawdled over lunch. He was actually tumescent with a growing sense of freedom that was as thrilling as sex..If he was left standing on the porch, the visitor would circle the house, peering in windows where the drapes were not drawn, trying the doors in hope of finding one unlocked. Fearful that Victoria was sick or injured, that perhaps she had slipped on a pat of butter and cracked her Mad against the corner of an open oven door, he might try to force his way inside, break a window. Certainly he would go to the neighbors to call the police..Maria arranged five place settings instead of four. The fifth--complete with silverware, waterglass, and wineglass--was at the head of the table, in memoriam of Joey.. "Acute nervous emesis," Junior croaked. "I've never thought of myself as a nervous person." "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world..Lipscomb turned to Celestina. "Before lapsing into semicoherence again, your sister said, 'Beezil and Feezil are safe with her,' which may sound less than coherent to you, but not to me." Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?" Friday, after dinner, when he'd heard enough of Maria's method of fortune-telling to know that four decks were required, that only every third draw was read, and that aces-especially red aces--were the most propitious cards to receive, Jacob had taken great pleasure in preparing for Barty the most favorable first eight cards that could possibly be dealt. This was a small gift to cheer Agnes, on whose heart Joey's death weighed as heavily as iron chains..He also concluded arrangements to open an account for Gammoner in a Grand Cayman Island bank and one for Pinchbeck in Switzerland.. "And, of course, you'll need to make arrangements for the body," said Dr. Lipscomb. "Sister Josephina will provide you with a room, a phone, privacy, whatever you need, and for however long you need." As she struggled to cope with her loss, the last thing Agnes needed was the reminder posed by that empty chair. Maria's intentions were good, however, and Agnes didn't want to hurt her feelings..From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when. Barty grew and coped and learned according to his own clock..Captivated by catastrophe, so lost in his book that he might as well have stepped magically inside of it and closed the covers after himself, Uncle Jacob didn't answer..An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof..But, ah, the heft of the candlestick, the smooth arc it made, and the crack of contact had been as hugely satisfying as any home-run swing that had ever won a baseball World Series..Returning his attention to his own shoes, Jacob said, "So ... what am I supposed to do about this?" Nevertheless, being cautious even as he seized the day--or the night, in this case--he parked a short distance from his destination, on a parallel street. He walked the last three blocks..Paul Damascus had gotten numerous invitations to dinner. No

one thought that he should be alone on this difficult night..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..In Room 724, standing alone at her sister's bedside, watching the girl sleep, Celestina told herself that she was coping well. She could handle this unnerving development without calling in either of her parents..Leaving the children under the tree, Tom returned to the house to phone the police..More likely than not, Victoria spoke directly to the maniac detective. Even if she reported her sordid fabrications to another officer, it would have gotten back to Vanadium, and the cop would have sought her out at once to hear her filth firsthand, whereupon she would have enhanced her story until it sounded as though Junior had grabbed her knockers and had tried to shove his tongue down her throat.. "Done," Agnes said. "Now put away the three dollars, and let's have our lesson before my water breaks."..She loosened her hair and brushed it out, and Nolly took her to dinner at their favorite place, which had the decor of a classy saloon and a bay view suitable for God's table. They came here often enough that the maitre d' greeted them by name, as did their waiter..Dragonfly."The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear..His instructor, Bob Chicane-who visited twice a week for an hour-advised him to imagine a perfect fruit as the object of his meditation. An apple, a grape, an orange, whatever..When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense..In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself..Glancing at her in the rearview mirror, the driver said, "Pretty exhilarating, huh? Your first big show?".When Paul practiced the quarter trick, he usually did so on the sofa or in an armchair, and always in a room with carpeting, because when dropped on a hard surface, the coin rolled and required too much chasing..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft..As the nurse gave Junior the injection, Parkhurst said, "You're an exceptionally sensitive man, Enoch. That's a quality to be much admired in an often unfeeling world. But in your current condition, your sensitivity is your worst enemy."..Yet his curious attraction to these newborns kept him at the window, and he began to believe that unconsciously he had intended to come here from the moment he guided his walker out of his room. He'd been compelled to come. Drawn by some mysterious magnetism..As though one of the quarters had dropped into his ear and triggered a golden oldie in the jukebox of his mind, Junior heard Vanadium's voice in the hospital room, in Spruce Hills, on the night of the day when Naomi died: "en you cut Naomi's string, you put an end to the effects that her music would have on the lives of others and on the shape of the future.....Celestina checked her wristwatch and saw that she was running late. With Angel's short legs and layers of red, there was no point in trying to hurry..Reluctant to leave Joey's body with the oddly jumpy mortician, Jacob nevertheless crossed the porch of the Victorian style funeral home and left without glancing back. He walked one mile home, alert to passing traffic, especially cautious at intersections..This was a good night for television. To Tell the Truth at seven-thirty, followed by I've Got a Secret, The Lucy Show, and The Andy Griffith Show. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley..Junior couldn't imagine why some Negro stranger would want to intrude. He hoped there wouldn't be trouble..The only light came from a reading lamp. An adjustable brass shade directed the light down onto a chair..yunh," so she nodded as vigorously as she was able to do, and tightened her grip on Celestina's hand.. "No," Agnes said, shaking loose the grip of irrational fear. "Wait. This is absurd. It's just a card. And we're all curious.".. "I'm saying, for all I know." She took her hand off his thigh. "What's all this about Celestina, anyway?".He followed the dead man through the window, into the alley, managing not to step on him..She dealt with them equally, too, favoring neither-except in-the matter of pie delivery. On those rare occasions when she could not make these rounds herself and when she had no one to turn to but a brother, Agnes always asked for Edom's help..A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts..The calls to Bellini in San Francisco and to others in Oregon were made with a prayer for news, but the prayer went unanswered. Cain had not been seen, heard from, smelled, intuited, or located by the pestering clairvoyants who had attached themselves to the sensational case..A cheer went up from family and friends, and Agnes could only imagine what it must feel like to be Barty, both blind and blessed, his heart as rich in courage as in kindness..Somewhere in the world he had a deadly enemy: Bartholomew, who had something to do with babies, a total stranger yet an implacable foe..AFTER THE ENCOUNTER with the quarter-spitting vending machines, Junior wanted to kill another Bartholomew, any Bartholomew, even if he had to drive to some far suburb like Terra Linda to do it, even if he had to drive farther and stay overnight in a Holiday ay Inn an eat steam-table food off a buffet crawling with other diners' cold germs and garnished with their loose hairs..Angel followed him at two steps, and when she stood beside his chair, watching him open the soft drink, Barty said, "Why were you following me?".As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and

second, Seraphim's bastard baby--little Bartholomew..Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read..In addition to mulling over strategy, Tom had spent a lot of time lately brooding about culpability: his own, not Cain's. By seizing on the name that he heard Cain speak in a dream, by making use of it in this psychological warfare, had he been the architect of the killer's Bartholomew obsession, or if not the architect, then at least an assisting.He had not heard the lawman rising up with malevolent intent, as he had imagined. The body had simply rolled off the backseat onto the floor during the too-sharp 180-degree turn..Had he ever thought he could get away with this? He must have been delusional, temporarily mad..The room was bright enough for him to confirm that he was alone. The interior of the box in which Naomi now resided could be no more silent than this house..He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities..Maintaining a brutal strangling pressure, Junior turned his head aside, to protect his eyes. He kneed Neddy in the crotch, crunching the remaining fight out of him..SERAPHIM AETHIONEMA WHITE was nothing whatsoever like her name, except that she had as kind a heart and as good a soul as any among the hosts in Heaven. She did not have wings, as did the angels after which she had been named, and she couldn't sing as sweetly as the seraphim, either, for she had been blessed with a throaty voice and far too much humility to be a performer. Aethionema were delicate flowers, either pale-or rose-pink, and while this girl, just sixteen, was beautiful by any standard, she was not a delicate soul but a strong one, not likely to be shaken apart in even the highest wind..His attention, as morbid as a circling vulture, settled upon the pianist's right hand. The left was open, palm down. But the right was crumpled shut, palm up..He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence.. "Better hold on tight to her," Wally warned Celestina, braking to a halt at the intersection. "She'll float up and away, then we'll have to call the fire department to get her down." "We want the scary one, 'specially if it has spiders, Pixie Lee said squeakily but defiantly..he was prepared to find Vanadium sitting at the pine table, enjoying- a cup of coffee. The kitchen was deserted..From the corner armchair, as if he could see so well in the dark that he knew Junior's eyes were open, Detective Thomas Vanadium said, "Did you hear my entire conversation with Dr. Parkhurst?".The detective wasn't the only person in the world who liked "Someone to Watch over Me." Anyone in the lounge might have requested it. Or maybe this number was part of the pianist's usual repertoire..Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under."..She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..Unobtrusively, Junior followed the musician across the large front room, but by an indirect arc, using the babbling bourgeoisie for cover..Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob.."Don't worry," Celestina told him, "after what we've seen this past week, we're still with you."..After undressing for the night, he sat on the edge of the bed for a while, rubbing the coin between the thumb and forefinger of his right hand, brooding about Thomas Vanadium. He tried rolling it across his knuckles; he dropped it repeatedly..Fourth and last, he was surprised that Kickmule was a legitimate surname. This information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule..Otter was reluctant to answer. He had to like Hound, but didn't have to trust him. "Shape-changing," he mumbled at last..These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before..Acutely aware that someone with more need than patience might soon rap at the locked door, Junior dropped back into the men's room..Because he kept imagining the stealthy sounds of a dead cop rising in vengeance behind him, Junior switched on the radio. He tuned in a station featuring a Top 40 countdown..Clutching the red rose in his left hand, the brightly wrapped gift box half crushed in his right, Thomas Vanadium lay at Junior's mercy, with no tricks to perform, no quarter to set dancing across his knuckles..Junior released Neddy and, letting him slide down the wall to the floor, returned to the door to lock it. Reaching for the latch, he suddenly expected the door to fly open, revealing Thomas Vanadium, dead and risen. The ghost didn't appear, but Junior was shaken by the mere thought of such a supernatural confrontation in the middle of this crisis..Thanksgiving dinner was a fine affair, and Christmas was even better. On New Year's Eve, Wally downed one drink too many and more than once offered to perform surgery on any member of the family, free of charge "right here, right now," as long as the procedure was within his area of expertise..From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators..Celestina stared curiously at Tom Vanadium. She had witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed..Under Celestina's guidance, the menfolk-Wally, Edom, Jacob, Paul,

Tom had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening. The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving. He possessed vast files on tragic fires, and most of them were committed to memory. In Vienna's magnificent Ring Theater, December 8, a blaze claimed 850 lives. On May 25, 1887, 200 dead at the Opera Comique, Paris. November 28, 1942, in the Coconut Grove nightclub in Boston when Jacob was only fourteen years old and already. Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night. By Sunday evening, a combination of factors—deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more—motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place.
